The Court held a telephonic status conference to confirm that this case is proceeding timely and efficiently. The Trust will file a Reply to the Amended Counterclaim on or before May 2, 2012. The Committee anticipates that on or before May 24, 2012, it will complete reviewing the provided discovery and will be providing its counterproposal of stipulated facts. The Committee anticipates that it shortly will be filing its Motion for Summary Judgment on the RFRA and 1st Amendment claims.

The parties will be discussing entering into a Stipulation providing that the Court may enter Proposed Findings of Fact and Conclusions of Law on the potentially non-core matters first addressed in the amended pleadings that were not covered by the previous Stipulation and Order.

The parties have begun to discuss entering into a global mediation process, and the Court will be considering whether mandating this process is appropriate at this time.

The parties should not hesitate to contact the Court should any issues arise necessitating a hearing or an additional status conference.

An audio recording of the hearing is available on the docket.
